Our Shared Goal

Opportunity for Networking

Participation offers the opportunity to build and engage with a unique regional network of stroke coordinators and other professionals

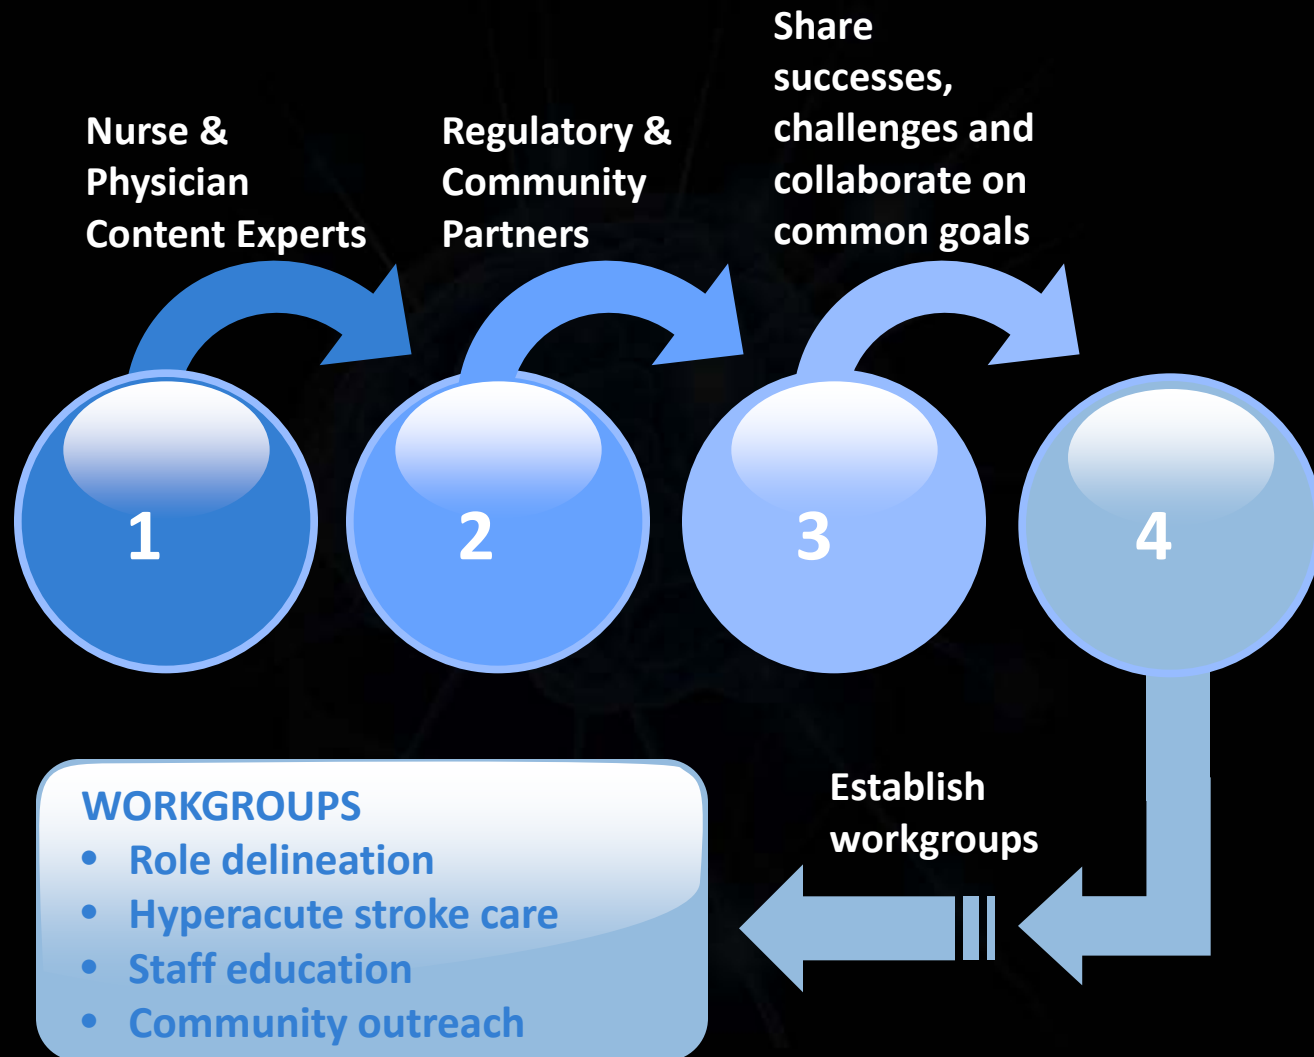

Building a professional network

Breaking Down Barriers

Sharing ideas, common challenges and best practices allows us to support our professional roles and responsibilities and those of our colleagues

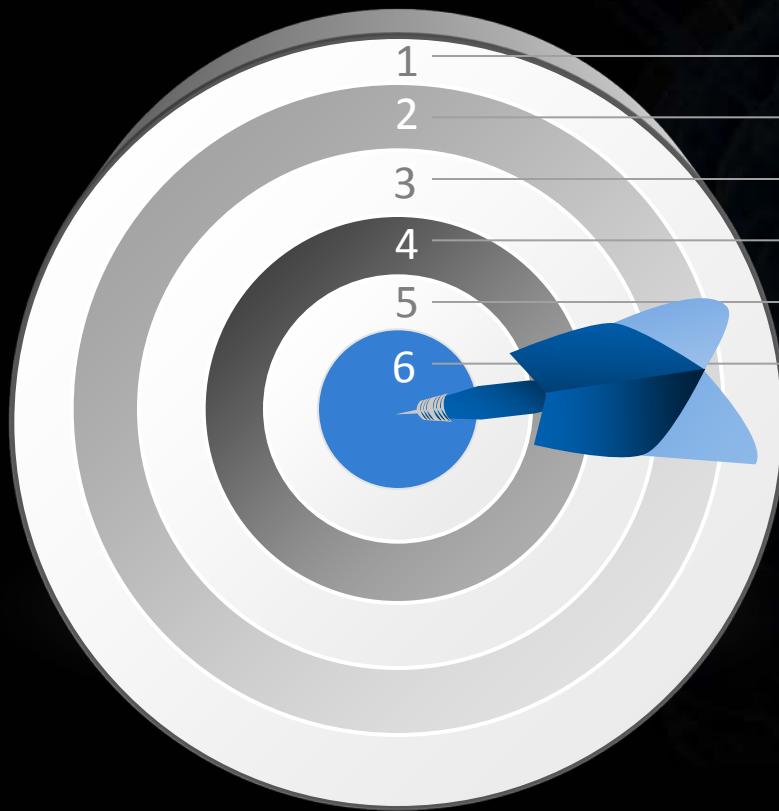

Opportunity for Learning

Opportunity to Share Tangible Solutions to Common Challenges

Our Process

1

Query membership for specific areas of concern

2

Determine and share topics in advance of session

3

Work as a group to identify barriers and

4

Share best practices

5

Provide attendees with practical tips and

6

Real-world solutions applicable to their professional roles and responsibilities

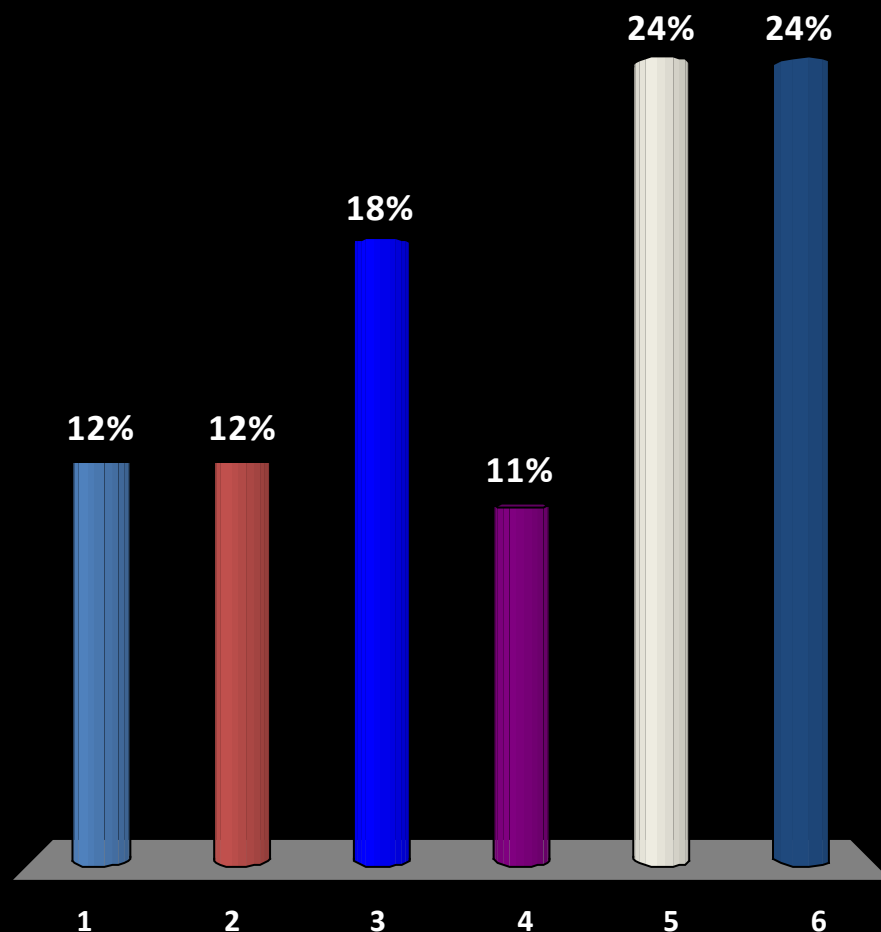

Stroke Coordinators Encounter Common Challenges

The following topics have been submitted to date by our members for discussion during our interactive “common challenges” session at our November Consortium meeting:

1. Documentation on the [Stroke Log](#) (Definitions of ED arrival time and IV tPA administration time; Elements captured and by whom)
2. Meeting the 25-Minute [Door to CT Scan](#) Target Time
3. Management of [Inpatient Acute Stroke](#)
4. Documentation Required for [Patients Discharged from the ED](#)
5. [Dysphagia Screening](#) (RN and/or SLP Dysphagia Screen vs Dysphagia Risk Assessment)

Which of the following challenges you most in your daily work?

1. Documentation on the [Stroke Log](#) (Definitions of ED arrival time and IV tPA administration time; Elements captured and by whom)
2. Meeting the 25-Minute [Door to CT Scan](#) Target Time
3. Management of [Inpatient Acute Stroke](#)
4. Documentation Required for [Patients Discharged from the ED](#)
5. [Dysphagia Screening](#) (RN and/or SLP Dysphagia Screen vs Dysphagia Risk Assessment)
6. [Other](#)

Our Vision for the Future

- 1 ENSURE THAT OUR ACTIVITIES MEET OUR MEMBERS' PROFESSIONAL NEEDS**
- 2 CONTINUE COLLABORATION WITH OUR QUALITY AND INDUSTRY PARTNERS**
- 3 DEVELOP A NETWORK FOR ONLINE COMMUNICATION BETWEEN MEETINGS**
- 4 DISSEMINATE THE WORK OF OUR WORKGROUPS**
- 5 TRACK OUR IMPACT ON DEFECT-FREE CARE IN OUR REGION**
