

The American Stroke Association, a division of the American Heart Association, encourages everyone to learn the symptoms of stroke to help identify stroke and get victims help quickly. Body language can speak volumes when it comes to stroke. The acronym F.A.S.T. can help people remember the telltale signs.

If you or someone around you experiences any of the following symptoms, act F.A.S.T:

F-Face Drooping

A-Arm Weakness

S-Speech Difficulty

T-Time to Call 9-1-1

The American Stroke Association is Launching a new public awareness campaign, Together To End Stroke, to advocate for awareness, education and action against stroke – the number four leading cause of death of Americans.
